

Title 9 ▶ Chapter 1

Water Utility Regulations and Rates

- 9-1-1** PSC Regulations Adopted
- 9-1-2** General Service — Metered — Mg-1

Sec. 9-1-1 PSC Regulations Adopted.

The rules and regulations governing the operation of the Village of Wausaukee's water utility operations are adopted and incorporated herein by reference.

Sec. 9-1-2 General Service—Metered—Mg-1.

(a) **Quarterly Service Charge:**

5/8-inch meter -	\$ 30.90
3/4-inch meter -	\$ 30.90
1-inch meter -	\$ 40.17
1-1/2-inch meter -	\$ 61.80
2-inch meter -	\$ 86.52
3-inch meter -	\$ 166.86

(b) **Plus Volume Charge:**

First	200,000	gallons used each quarter	-	\$ 2.85 per 1,000 gallons.
Over	200,000	gallons used each quarter	-	\$ 2.34 per 1,000 gallons.

- (c) **Billing.** Bills for water service are rendered quarterly and become due and payable upon issuance following the period for which service is rendered. A late payment charge of one percent (1%) per month will be added to bills not paid within twenty (20) days of issuance. The late payment charge will be applied to the total unpaid balance for the current billing period's usage, including unpaid late payment charges. This late payment charge is applicable to all customers. The Sewer and Water Utility customer may be given a written

9-1-2

notice that the bill is overdue no sooner than twenty (20) days after the bill is issued. Unless payment or satisfactory arrangement for payment is made within the next ten (10) days, service may be disconnected pursuant to Chapter PSC 185, Wis. Adm. Code. A charge will be made for processing checks that have been returned for insufficient funds.

(d) **Combined Metering.**

(1) Volumetric meter readings will be combined for billing if the Sewer and Water Utility *for its own convenience* places more than one (1) meter on a single water service lateral. Multiple meters placed for the purpose of identifying water not discharged into the sanitary sewer are *not* considered for Utility convenience and shall not be combined for billing. This requirement does not preclude the Utility from combining readings where metering configurations permit such an approach. Meter readings from individually metered separate service laterals shall *not* be combined for billing purposes.

(2) Buildings used in the same business, located on the same parcel and served by a single lateral may have the customer's water supply piping installed to a central point so that volume can be metered in one (1) place.

(e) **Customers Outside of Village.** Water customers residing outside the corporate limits of the Village of Wausaukee shall be billed at the regular rates for service plus a twenty-five percent (25%) surcharge.
